O series

The O Series is a step forward into the future of simple modern office design. It comprises tables, credenzas and trolleys.

The simple lines and shapes are subtle and often enough blend into the background of many offices. However, the detailing makes this range a stand out feature.

Over the months, we have developed and designed new ideas for storage to keep up with the ever changing face of the modern work environment, and we are sure this new range will come to meet and exceed all your expectations.

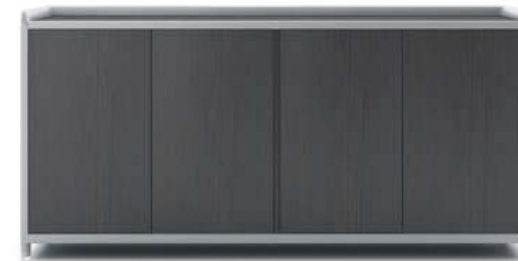

O series.
Insists on functionality.

900x500

1350x500

1800x500

2250x500

O series.
First impression that lasts.

O series.
All in perfect balance.

O series. Features.

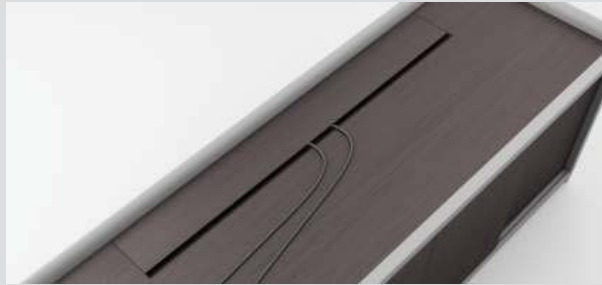

The O desk features a premium personal drawer that can be slide open to keep confidential information and personal objects.

Power can be accessed through a plug box inside the drawer.

The side credenza offers wire management capability. Power are routed from the floor to the top of the credenza hidden by a flip board.

Power points can be reached easily by just opening the flip board.

O series. Features.

Wires and data cables are routed along the leg from the base of the table top to the floor. Those unsightly and trailing wires are perfectly concealed with the cable cover.

The additional add-on modesty is available for better privacy.

O series. All about immaculateness.

Blended intelligently in almost any environment and creating a congenial atmosphere in your working place.

Each solution displays perfectly about its unique design and its innovative technical characteristics while taking care about your needs in the office.

O series. The essential companion for your hectic working life.
No clutters, no mess, only immaculateness.

O series.
Discussion.

O series. All about flexibility.

The current trend of the design in our workplace is gradually moving towards minimalism.

Besides, the standard size and space for the working place is on the wane.

Therefore, flexibility and mobility are important in order to build up an efficient and interactive workplace within a limited space.

The trolleys in the O series can definitely fulfill the requirements of your contemporary designed office. The trolleys can be moved easily to suit your working style thus enhancing the adjustability in the workplace.

The trolley can be used for dropping mails and there is also a dedicated placeholder for namecards as well.

Meetings.

O series

The marriage of art and functionality.

Perfect functionality plays an important role within every single piece of office furniture.

Office furniture which performs intelligently and practically will definitely help to reduce clutter in the office, thus providing a more peaceful environment and state of mind for all the staffs.

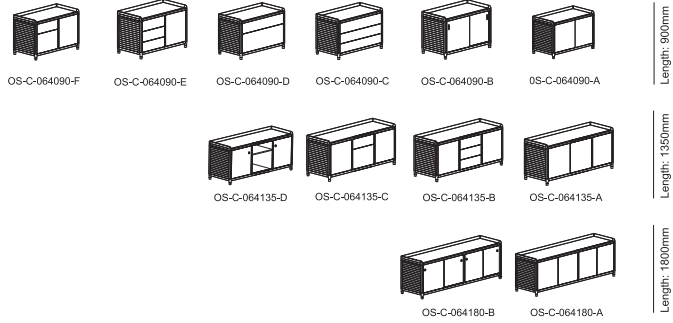

Made for every office and every environment, O series credenza not only stores things intelligently, it also serves the purpose of spatial division and organization.

The versatile and the aesthetically pleasing design of O series make it appear as a shining star among its competitor. Its alluring and captivating design will definitely promise the satisfaction for your exquisite taste.
