

Conference Table **Customized 6m**

It is the epitome of engineering and craftsmanship in customized boardroom conference tables. The design team at Bristol implements high-grade veneer to ensure the perfect fit for the most demanding of customer desires.

The table top can be delivered boat-shaped with rounded corners, as a rectangle or trapeze-shaped.

◀ The table rests on cabinetry legs. The cabinets are also veneered with soft-close hinges. All doors and drawers including carcass is carefully grain matched externally and internally.

Veneers are sliced with high precision and crafted into a diagonal sunburst pattern.
